## Chairs

Do not use the chairs in windy or other unsafe weather conditions.

In windy conditions, fold up the chairs to prevent them from becoming a hazard.

Supervise the equipment at all times to ensure the guests' safety.

Do not stand on the chairs.

Do not lean back in the chairs.

If a chair is damaged, do not allow the guests to use it.

Inspect each chair carefully to see that it is in good condition.

Use the equipment as it is intended for normal use.

Before placing the equipment on a delicate surface, check that all the legs have the rubber tip attached.

After the event, please check that all the rubber tips are still attached to the legs of the chairs.

### WEIGHT LIMIT:
