

Party Amarillo, LLC

Leap Frog

To Assemble:

Please provide a six foot table.

Do not lift or move the game using the lever board.

The unit does not need electricity.

Safety:

An adult must supervise the game at all times.

Do not allow the rubber mallet to hit anything except the target arm.

How to Play Leap Frog:

Place the frog on the end of the lever board with its legs over the edge of the lily pad.

If the legs are not slightly off the end of the lever board, it is very difficult to get the frog to land in the pool.

Use the mallet to strike the opposite end of the board. The frog should “leap” into the target pool.

Each player gets 3 attempts to land the frog into the pool.

1st prize All 3 frogs land in the pool

2nd prize 2 frogs land in the pool

3rd prize 1 frog lands in the pool
