Safe Inflatable Operators Training Organization

SAFETY RULES for PARENTS

WWW.SIOTO.COM

Please have participants remove their shoes prior to entering. There must be an adult supervising at all times when children are in or around the bounce house.

SAFETY RULE #1

Inflatable bounce houses cannot be used if it's raining or when the winds are above 15 mph. Please follow manufacturer's recommendations posted on the bounce house.

SAFETY RULE #2

Never use an inflatable(s) during high or gusty winds, thunderstorms, or lightning. The unit can turn over in high winds, even if anchored, and this could result in severe injuries.

SAFETY RULE #3

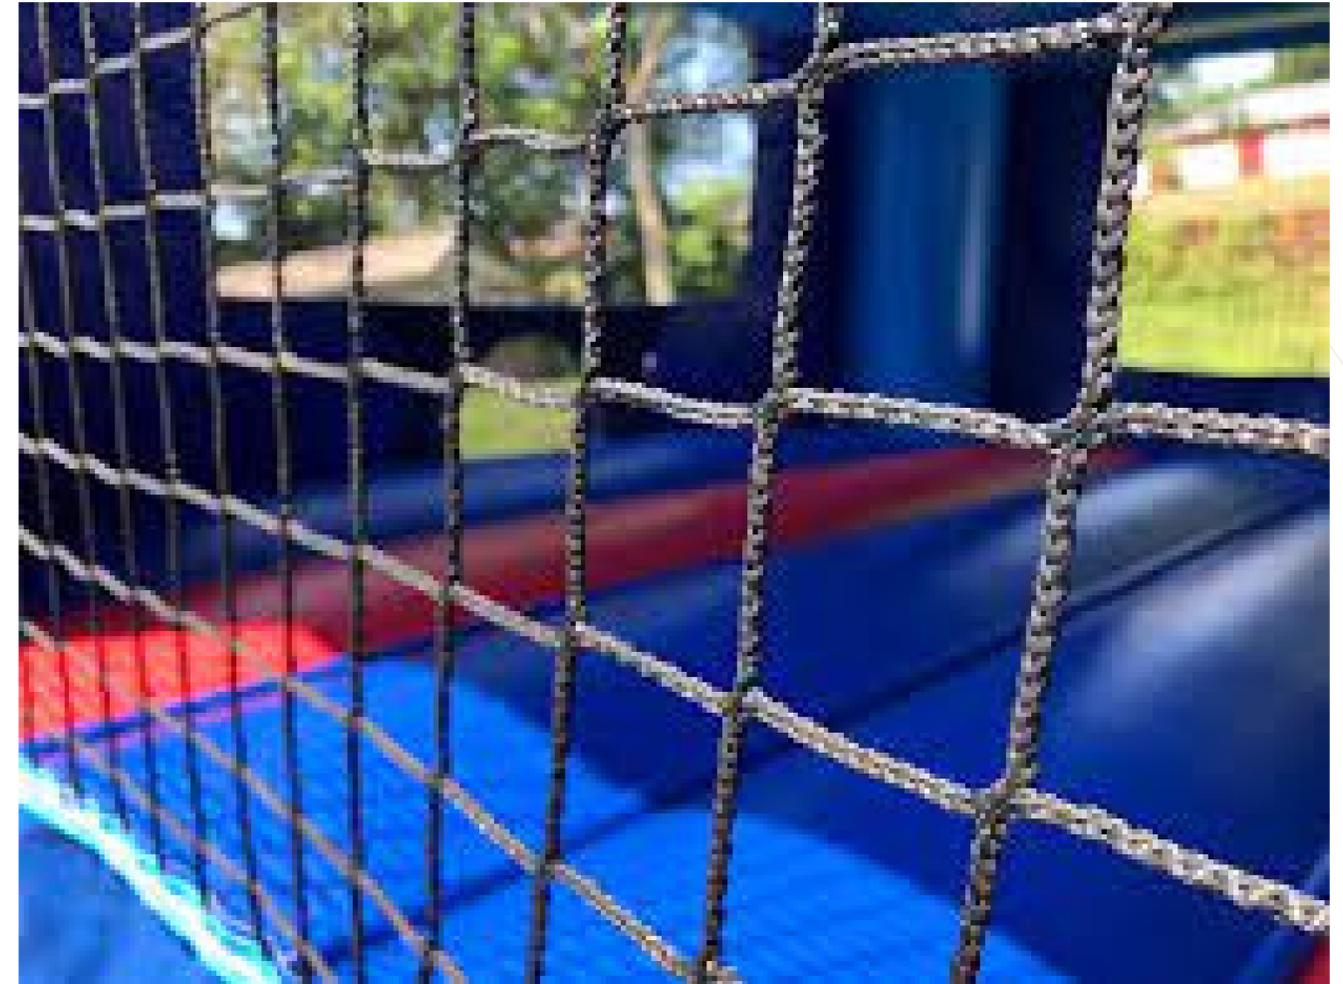

Do not allow participants to wrestle, tumble, or flip.

SAFETY RULE #4

Do not allow participants to climb on the netting or walls of the bounce house, or attempt to pull it down.

SAFETY RULE #5

Do not allow kids to play behind the bounce house or near the blower.

SAFETY RULE #6

No shoes, eyeglasses, jewelry, toys, or objects of any kind inside the bounce house.

SAFETY RULE #7

No eating or drinking inside the bounce house. This can become a choking hazard.

Silly string is not allowed in or around the bounce house.

SAFETY RULE #8

Pets are not allowed in or around the bounce house.

SAFETY RULE #9

Do not move the inflatable from its original setup location.

SAFETY RULE #10

Great Job!

**We appreciate you taking part
in SIOTO Parents and making a
commitment to safety and
excellence!**

SAFETY ALWAYS!

**ADVANCED INFLATABLE
SAFETY OPERATIONS
CERTIFICATION**
